EDUCATION

B.Tech in Computer Science, IIIT Hyderabad

2021 - 2025, CGPA: 8.7/10

EXPERIENCE

Backend Engineering Intern, Razorpay

June 2024 - August 2024

- Built REST APIs using Python and FastAPI for payment reconciliation
- Optimized PostgreSQL queries, reducing average response time by 30%
- Worked with Docker and deployed services on AWS EC2

Software Development Intern, Zoho Corporation

December 2023 - February 2024

- Developed internal tools using Java and Spring Boot
- Implemented unit tests with JUnit, improving code coverage to 85%

PROJECTS

Resume Screener with Hybrid Scoring Engine

- Built a multi-signal resume scoring system using FastAPI, PostgreSQL, and sentence-transformers
- Implemented skill-graph matching, semantic similarity, and experience weighting
- Deployed using Docker on Render with Neon PostgreSQL

E-commerce Recommendation System

- Built a collaborative filtering recommender using Python and Scikit-learn
- Used Redis for caching frequently accessed recommendations

SKILLS

Languages: Python, Java, JavaScript, SQL

Frameworks: FastAPI, Spring Boot, React, Flask

Tools: Docker, Git, AWS, PostgreSQL, Redis, K8s

ML/AI: Scikit-learn, Sentence-Transformers, Pandas, NumPy

CERTIFICATIONS

AWS Certified Cloud Practitioner, 2024
